

TAUNTON FERTILITY ACUPUNCTURE

JUDY SHIPWAY

BSc (Hons), LicAc, Dip TCM (Obs/Gyn), MBAcC

COVID-19 UPDATE – April 2022

Taunton Fertility Acupuncture is open for CAREFUL PRACTICE. There will be social distancing limitations where possible and additional hygiene requirements in place.

Despite the government relaxing requirements around face masks and social distancing in April 2022, since our work together is classed as “close contact” we continue to maintain a high level of caution. Therefore, all the same infection control measures remain in place as before.

If you or anyone in your household has a known COVID-19 infection, please do not attend for treatment. For any other symptoms of infection, please check with Judy before attending your appointment.

As a member of the British Acupuncture Council, Judy is following their guidelines as well as Public Health England and other Government advice. Individual risk assessments are being conducted for every session. The premises are COVID-19 secure. On the premises we have extra hygiene and safety measures in place (temperature checks, face masks, additional cleaning protocols and social distancing whenever possible).

Please do get in touch to find out how we can help you and if you have any query about coming for treatment.
